

Product Descriptions & Specs

Below are the Surge Buster models we currently offer.

The last two digits in the item number indicate the size of the opening that model fits through, though they can be manipulated to fit through slightly smaller openings. SB807 and SB815 orders come in two separate packages (paddles, and rings/fasteners); SB804 and SBMini orders come in a single package.

The following lists the ordering options, along with the weights and dimensions of the packaging, to help answer a customer's shipping and dimensional questions.
